

6 Broadview 2021 MJ-HMP Jurisdictional Annual Report

Primary Point of Contact

Tracy Kenny
Fire Chief
2400 S. 25th Ave
Broadview, IL 60155
Phone: 708-343-6124 Ext 1
Email: tkenny@broadview-il.gov

Alternate Point of Contact

Matt Ames
Public Works Director
2350 S. 25th Ave.
Broadview, IL 60155
Phone: 708-345-6550
Email: mames@broadview-il.gov

Alternate Point of Contact

LeTisa Jones
Village Administrator
Phone: 708-681-3600 Ext 260
Email: ljones@broadview-il.gov

Alternate Point of Contact

Jim Goumas
Hancock Engineering
Phone: 847-561-9074
Email: jggoumas@ehancock.com

Annual Reporting Year: 2021

Background: Cook County and participating municipalities in the county developed a hazard mitigation plan to reduce risk from all hazards by identifying resources, information, and strategies for risk reduction. The federal Disaster Mitigation Act of 2000 requires state and local governments to develop hazard mitigation plans as a condition for federal disaster grant assistance. To prepare the plan, the participating partners organized resources, assessed risks from natural hazards within the county, developed planning goals and objectives, reviewed mitigation alternatives, and developed an action plan to address probable impacts from natural hazards. By completing this process, these jurisdictions maintained compliance with the Disaster Mitigation Act, achieving eligibility for mitigation grant funding opportunities afforded under the Robert T. Stafford Act.

Purpose: The purpose of this report is to provide an annual update on the implementation of the action plan identified in the Cook County Multi-Jurisdictional Hazard Mitigation Plan. The objective is to ensure that there is a continuing and responsive planning process that will keep the Hazard Mitigation Plan dynamic and responsive to the needs and capabilities of the partner jurisdictions. This report discusses the following:

- Natural hazard events that have occurred within the last year
- Changes in risk exposure within the planning area (all of Cook County) Mitigation success stories
- Review of the action plan
- Changes in capabilities that could impact plan implementation
- Recommendations for changes/enhancement.

Hazard Analysis

Hazards that represent a county-wide risk are addressed in the Risk Assessment section of the 2019 Cook County Multi-Jurisdictional Hazard Mitigation Plan Update. This section only addresses the hazards and their associated impacts that are **relevant** and **unique** to the municipality.

Flooding: In 2010, nine inches of standing water was reported on Route 171 between 22nd and 26th Streets due to sudden urban/flash flooding. Flooding continues to be a problem in the area during heavy rain events.

Severe Weather: In 2011, a powerful line of severe thunderstorms moved northeast across during the evening hours of June 21st producing damaging winds and widespread wind damage.

Natural Hazard Events in 2021

Instructions: Please use the **Edit** Tool to describe new hazard occurrences/incidents from the past year that have impacted your jurisdiction and had a measurable impact on people or property. (Example: A tornado occurred on [Date] and impacted [insert area] and caused damage to [insert damages]). You may also use the Edit Tool to suggest any modifications/improvements to the hazards unique to your community, as described below from the 2019 plan.

Describe 2021 Natural Hazard Events Here:

- Pipeburst on February 8, 2021 at the firehouse. Occurred because of extreme cold.

Mitigation Strategies and Actions

The heart of the mitigation plan is the mitigation strategy, which serves as the long-term blueprint for reducing the potential losses identified in the risk assessment. The mitigation strategy describes how the community will accomplish the overall purpose, or mission, of the planning process.

New Mitigation Actions

Please submit [here](#)

Ongoing Mitigation Actions

The following are ongoing actions. During the 2019 update, these "ongoing" mitigation actions and projects were modified and/or amended, as needed. Reviewers of this report should refer to the Hazard Mitigation Plan for more detailed descriptions of each action and the prioritization process. Address the following for each mitigation action:

- Was any element of the action carried out during the reporting period?
- If no action was completed, why?
- Is the timeline for implementation or the action still appropriate?
- If the action was completed, does it need to be changed or removed from the action plan?

TABLE: HAZARD MITIGATION ACTION PLAN MATRIX
--

Completion status legend: N = New O = Action Ongoing toward Completion C = Project Completed R = Want Removed from Annex X = No Action Taken								
2021 Status	2020 Status	2019 Status	Hazards Mitigated	Objectives Met	Lead Agencies	Estimated Cost	Sources of Funding	Timeline/Projected Completion Date (a)
Action B11.1 —Where appropriate, support retrofitting, purchase, or relocation of structures in hazard-prone areas to prevent future structure damage. Give priority to properties with exposure to repetitive losses.								
Status Description:								
O		Ongoing	All Hazards	7, 13	Building Department	High	FEMA Mitigation Grant Funding	Long-term (depending on funding)
Action B11.2 —Construct regional storm water control facilities.								
Status Description:								
O		Ongoing	Flood, Severe Weather	1, 2, 4, 9, 13	Public Works	High	FEMA Mitigation Grant Funding, MWRD-Phase II	Long-term (depending on funding)
Action B11.3 —Retrofit existing storm drainage system to insure full capacity is utilized.								
Status Description:								
O		Ongoing	Flood, Severe Weather	1, 2, 9	Public Works	High	FEMA Mitigation Grant Funding, MWRD-Phase II	Short-term
Action B11.4 —Consider participation in the Community Rating System.								
Status Description:								
O		Ongoing	Flood	4, 5, 6, 8, 11	Public Works	Low	General Fund	Long-term
Action B11.5 —Provide sandbags and plastic sheeting to residents in anticipation of rainstorms, deliver materials to the disabled and elderly, and provide public information on where these materials are stored and how to get them.								
Status Description:								
O	-	Completed	Severe Weather, Flood	5, 6, 8	Public Works	Low	General Fund	Completed
Action B11.6 —Continue to support the implementation, monitoring, maintenance, and updating of this plan. I changed this to ongoing as we will continue to monitor this								
Status Description:								
O		Ongoing	All Hazards	1, 11	DHSEM, Fire Department	Low	General Fund	Long-term, Ongoing
Action B11.7 —Continue to participate in mutual-aid agreements and also in the Mutual Aid Box Alarm System for cooperative response to all hazards and disasters.								
Status Description:								
-	-	Completed	All Hazards	1, 8	Fire Department	Low	General Fund	Completed
Action B11.8 —Maintain good standing under the National Flood Insurance Program by implementing programs that meet or exceed the minimum NFIP requirements. Such programs include enforcing an adopted flood damage prevention ordinance, participating in floodplain mapping updates, and providing public assistance and information on floodplain requirements and impacts.								
Status Description:								
O		Ongoing	Flooding	4, 6, 9	Broadview	Low	General Fund	Short-term, Ongoing
Action B11.9 —Where feasible, implements a program to record high water marks following high-water events.								
Status Description:								
O		Ongoing	Flooding, Severe Weather	3, 6, 9	Broadview	Medium	General Fund; FEMA Grant Funds (Public Assistance)	Long-term
Action B11.10 —Integrate the hazard mitigation plan into other plans, programs, or resources that dictate land use or redevelopment.								
Status Description:								

O		Ongoing	All	3, 4, 6, 10, 13	Hancock Engineering	Low	General Fund	Short-term
Action B11.11 —Consider the development and implementation of a Capital Improvements program as a means to increase the resiliency of the Village's critical facilities and infrastructure.								
Status Description:								
O		Ongoing	All Hazards	1, 2	Village of Broadview/Public Works	High	General Fund	Long-term
Action B11.12 —Continue to support the countywide actions identified in this plan.								
Status Description:								
O		Ongoing	All	All	Broadview	Low	General Fund	Short- and long-term
Action B11.13 —Actively coordinate the Emergency Operation Plan to with Mitigation plans.								
Status Description:								
O		New	All	6, 10	Fire Department	\$1,000; Low	Local Funds	Completed
Action B11.14 —Implement the Addison Creek Channel Improvements.								
Status Description:								
O		New	Flood	2, 9	MWRD	\$43,400,000; High	Unknown	Unknown
(a) Ongoing indicates continuation of an action that is already in place. Short-term indicates implementation within five years. Long-term indicates implementation after five years.								

Mitigation Success Stories: Examples of mitigation success stories include, but are not limited to: received a Grant, completed a major mitigation project, etc.

Future Needs: Examples of future needs include, but are not limited to: receiving training to better understand the mitigation grant application process, studies that may be needed to better understand hazards/risks, etc.
