

6 Golf 2021 MJ-HMP Jurisdictional Annual Report

Primary Point of Contact

Dennis McEnerney, Chief of Police
1 Briar Road
Golf, IL 60029
Telephone: 847-998-8857
Email: D.Mcenerney@villageofgolf.us

Alternate Point of Contact

Jim Dominik, Trustee-Emergency Services
1 Briar Road
Golf, IL 60029
Telephone: 847-567-2601
Email: j.dominik@villageofgolf.us

Annual Reporting Year: 2021

Background: Cook County and participating municipalities in the county developed a hazard mitigation plan to reduce risk from all hazards by identifying resources, information, and strategies for risk reduction. The federal Disaster Mitigation Act of 2000 requires state and local governments to develop hazard mitigation plans as a condition for federal disaster grant assistance. To prepare the plan, the participating partners organized resources, assessed risks from natural hazards within the county, developed planning goals and objectives, reviewed mitigation alternatives, and developed an action plan to address probable impacts from natural hazards. By completing this process, these jurisdictions maintained compliance with the Disaster Mitigation Act, achieving eligibility for mitigation grant funding opportunities afforded under the Robert T. Stafford Act.

Purpose: The purpose of this report is to provide an annual update on the implementation of the action plan identified in the Cook County Multi-Jurisdictional Hazard Mitigation Plan. The objective is to ensure that there is a continuing and responsive planning process that will keep the Hazard Mitigation Plan dynamic and responsive to the needs and capabilities of the partner jurisdictions. This report discusses the following:

- Natural hazard events that have occurred within the last year
- Changes in risk exposure within the planning area (all of Cook County) Mitigation success stories
- Review of the action plan
- Changes in capabilities that could impact plan implementation
- Recommendations for changes/enhancement.

Hazard Analysis

Hazards that represent a county-wide risk are addressed in the Risk Assessment section of the 2019 Cook County Multi-Jurisdictional Hazard Mitigation Plan Update. This section only addresses the hazards and their associated impacts that are **relevant** and **unique** to the municipality.

Flood: Golf Rd, East of Waukegan and West of Overlook (Metra Train Bridge) underpass constantly floods (state-owned and maintained).

Snow: The Village contracts out to private services to maintain the streets (i.e. plowing, salting, etc.) in the event of heavy snow.

Natural Hazard Events in 2021

Instructions: Please use the **Edit** Tool to describe new hazard occurrences/incidents from the past year that have impacted your jurisdiction and had a measurable impact on people or property. (Example: A tornado occurred on [Date] and impacted [insert area] and caused damage to [insert damages]). You may also use the Edit Tool to suggest any modifications/improvements to the hazards unique to your community, as described below from the 2019 plan.

Describe 2021 Natural Hazard Events Here: None

Mitigation Strategies and Actions

The heart of the mitigation plan is the mitigation strategy, which serves as the long-term blueprint for reducing the potential losses identified in the risk assessment. The mitigation strategy describes how the community will accomplish the overall purpose, or mission, of the planning process.

New Mitigation Actions

Please submit [here](#)

Ongoing Mitigation Actions

The following are ongoing actions. During the 2019 update, these "ongoing" mitigation actions and projects were modified and/or amended, as needed. Reviewers of this report should refer to the Hazard Mitigation Plan for more detailed descriptions of each action and the prioritization process. Address the following for each mitigation action:

- Was any element of the action carried out during the reporting period?
- If no action was completed, why?
- Is the timeline for implementation or the action still appropriate?
- If the action was completed, does it need to be changed or removed from the action plan?

TABLE: HAZARD MITIGATION ACTION PLAN MATRIX

Completion status legend:
N = New **O** = Action Ongoing toward Completion
C = Project Completed **R** = Want Removed from Annex **X** = No Action Taken

2021 Status	2020 Status	2019 Status	Hazards Mitigated	Objectives Met	Lead Agencies	Estimated Cost	Sources of Funding	Timeline/Projected Completion Date (a)
Action G4.1 —Emerald Ash borer education and tree removal.								
Status Description:								
C	-	Completed	Severe Weather, Severe Winter Weather, tornado	1, 2, 13	Village of Golf	Medium	General Revenue	Completed
Action G4.2 —Enhance building permit process to include notification of known risks and streamlining of the permit process.								
Status Description:								
C-	-	Completed	All	1, 3, 4, 6, 10	Village of Golf	Low	General Revenue	Completed
Action G4.3 —Post a link to the regional Hazard Mitigation Plan as well as other information on risk awareness and risk reduction on the Village's website.								
Status Description:								
O		Ongoing	All	6, 8	Village of Golf	Low	General Revenue	Ongoing
Action G4.4 —Maintain functionality of the storm sewer system by establishing a landscape waste removal program to prevent storm sewers from clogging will leaves during severe weather and flooding events.								
Status Description:								
C		Ongoing	Flood, Severe Weather	1, 2, 8	Village of Golf	Medium	General Revenue	Short-term
Action G4.5 —Maintain/update "Code Red" emergency notification system.								
Status Description:								
O		Ongoing	All	5, 6	Village of Golf	Low	General Revenue	Ongoing
Action G4.6 —Where appropriate, support retrofitting, purchase, or relocation of structures in hazard-prone areas to prevent future structure damage. Give priority to properties with exposure to repetitive losses.								
Status Description:								
O		Ongoing	All	7, 13	Village of Golf	High	FEMA Hazard Mitigation Grants	Long-term (depending on funding)
Action G4.7 —Maintain good standing under the National Flood Insurance Program by implementing programs that meet or exceed the minimum NFIP requirements. Such programs include enforcing an adopted flood damage prevention ordinance, participating in floodplain mapping updates, and providing public assistance and information on floodplain requirements and impacts.								
Status Description:								
O		Ongoing	Flooding	4, 6, 9	Village of Golf	Low	General Revenue	Short-term and ongoing
Action G4.8 —Consider the development and implementation of a Capital Improvements Program (CIP) to increase the Village's regulatory, financial and technical capability to implement mitigation actions.								
Status Description:								
O		Ongoing	All	1, 2, 7	>Public Works	>High	CIP component of general fund (if implemented)	Long-term
Action G4.9 —Continue to support the countywide actions identified in this plan.								
Status Description:								
O		Ongoing	All	All	Village of Golf	Low	General Fund	Short- and long-term
Action G4.10 —Actively participate in the plan maintenance strategy identified in this plan.								
Status Description:								
O		Ongoing	All	3, 4, 6	DHSEM, Village of Golf	Low	General Revenue	Short-term, ongoing
Action G4.11 —Development of a GIS Tree inventory system.								
Status Description:								
C		Ongoing	All	13	Village of Golf	TBD	TBD	Ongoing

Action G4.12—Where appropriate, support retrofitting, purchase, or relocation of structures in hazard-prone areas to prevent future structure damage. Give priority to properties with exposure to repetitive losses

Status Description:

R-	-	Removed	Flood	7, 9	TBD	TBD	TBD	Removed
----	---	---------	-------	------	-----	-----	-----	---------

Action G4.13—Utilize the sanitary sewers videotape to inform, evaluate, and implement the re-lining of the sewers

Status Description:

C		New	Flood	9	TBD	\$50,000; Low	Village Budget	TBD
---	--	-----	-------	---	-----	---------------	----------------	-----

(a) Ongoing indicates continuation of an action that is already in place. Short-term indicates implementation within five years. Long-term indicates implementation after five years.

Mitigation Success Stories: Examples of mitigation success stories include, but are not limited to: received a Grant, completed a major mitigation project, etc.

Future Needs: Examples of future needs include, but are not limited to: receiving training to better understand the mitigation grant application process, studies that may be needed to better understand hazards/risks, etc.
